## Reduce lost productivity by up to 80%!<sup>1</sup>

Whether you're working across the office, the city or the country, effective communication is essential for your business to succeed. We'll help you streamline your communications and collaboration so you can get the most out of your workforce and IT infrastructure—securing your place in an increasingly competitive environment.

At [FLP Partner Name], we'll help you choose and implement a Unified Communications and Collaboration (UC&C) Solution from HP and Microsoft®, founded on next-generation HP ProLiant servers. You'll get a customizable, comprehensive, end-to-end solution that seamlessly integrates servers, storage, networking, software, services and client devices—effectively streamlining communications and improving collaboration throughout your business. And our support doesn't stop there. You can be confident that as a solution provider who is skilled in both HP and Microsoft® technologies, we are with you every step of the way.

With this combination of technology and support, you can see a reduction in lost productivity by up to 80%,<sup>1</sup> as well as reduced costs in communications and collaboration, facilities, systems and more by 30–60%.<sup>1</sup> Learn what HP and Microsoft® UC&C Solutions can do for your business with a free solution guide at [FLP Partner URL]

## Unified Communications and Collaboration Solutions from HP, Microsoft® and [FLP Partner Name] will help your business:

- Reduce travel expenses by 20–40%<sup>2</sup> with immersive web and audio conferencing, enabling you to improve productivity by cutting travel time
- Lower messaging costs by 50–80%<sup>2</sup> with Microsoft® Exchange Server 2010, so you can optimize your IT budget
- Achieve 27x<sup>3</sup> improvement in performance per watt with new HP ProLiant servers, which means you can do the same work with 97% less power

Outcomes that matter.
